

Technical Data Sheet

Burdett's Washed Coffee Rock

Burdett's Washed Coffee Rock is a clean, washed sand suitable for a number of applications such as Bedding Sand, Asphalt Sand and high-draining Turf Sand.

The following gradings are typical only – current test results available upon request.

Particle Size (% retained)	
Very Coarse Sand (1.0mm)	< 10
Coarse Sand (0.5mm)	< 25
Medium Sand (0.25mm)	25 – 65
Fine Sand (0.15mm)	25 – 55
Very Fine Sand (0.05mm)	< 10
Silt and Clay (<0.05mm)	< 5
pH (1:5 water)	5.0 – 7.5

Washed Coffee Rock is available in bulk ex-bin or delivered.

Please contact sales for detailed information on availability and pricing.
