

Technical Data Sheet

Burdett's Redstone Aggregate

Proudly sourced in Victoria, Burdett's Redstone is a vibrantly coloured aggregate with rustic, earthy tones.

Burdett's Redstone is suitable as a decorative garden mulch for around plants, pathways or decking.

As delivered

After rain or washing

Nominal size: 20 mm

Note: product as delivered will typically have a thin coating of dust which can initially detract from the product's appearance. This will naturally wash away in time or can be easily removed by spraying with a garden hose.

Burdett's Redstone is available in bulk ex-bin or delivered from the Langwarrin garden centre.

Please contact sales for detailed information on availability and pricing.

Redstone may be suitable for other applications – contact sales for more details.

IMPORTANT NOTICE: Above information is based on past test results and experience and is provided in good faith for assessment purposes only. This does not constitute a warranty made by any of the members of the Burdett Group. As Burdett's has no influence on the way in which these products are handled and used, we do not take any responsibility in this respect. You cannot rely solely upon this information to determine appropriate product use and must engage suitably qualified consultants to advise whether the product is fit for your end use.
